America's Great Disasters

Martin W. Sandler

America's Great Disasters Martin W. Sandler

For more than two centuries, Americans have proven themselves to be courageous and strong. These qualities are never more important than in the face of nature's destructive forces or the dangers brought about by the innovations of the industrial revolution. The San Francisco earthquake, which reduced much of the city to rubble; the sinking of the steamship Sultana, the worst American maritime disaster of all time; and the Johnston flood, which washed away an entire town, are only a few of the calamities to have befallen this country.

Through the use of photographs, engravings, and newspaper clippings that detail some of the worst disasters ever to confront this country, author Martin W. Sandler presents the American people at their best, standing firm in situations of great danger. In doing so, a fascinating picture emerges of a nation's bravery, resilience, and humor -- traits that continue to characterize Americans today.

From reader reviews:

Ann Wheeler:

What do you about book? It is not important along? Or just adding material when you need something to explain what your own problem? How about your time? Or are you busy man or woman? If you don't have spare time to do others business, it is gives you the sense of being bored faster. And you have spare time? What did you do? Everybody has many questions above. They have to answer that question since just their can do that. It said that about reserve. Book is familiar in each person. Yes, it is correct. Because start from on kindergarten until university need this specific America's Great Disasters to read.

Alexandra Dickey:

As people who live in typically the modest era should be revise about what going on or details even knowledge to make these individuals keep up with the era and that is always change and move ahead. Some of you maybe can update themselves by looking at books. It is a good choice for yourself but the problems coming to a person is you don't know what type you should start with. This America's Great Disasters is our recommendation to cause you to keep up with the world. Why, because book serves what you want and need in this era.

Bertram Staten:

Spent a free time to be fun activity to try and do! A lot of people spent their down time with their family, or their own friends. Usually they performing activity like watching television, about to beach, or picnic within the park. They actually doing same thing every week. Do you feel it? Do you need to something different to fill your own free time/ holiday? Could be reading a book could be option to fill your no cost time/ holiday. The first thing you ask may be what kinds of publication that you should read. If you want to test look for book, may be the book untitled America's Great Disasters can be very good book to read. May be it might be best activity to you.

Derick Heinz:

People live in this new time of lifestyle always try and and must have the extra time or they will get great deal of stress from both way of life and work. So , if we ask do people have time, we will say absolutely yes. People is human not really a robot. Then we consult again, what kind of activity are you experiencing when the spare time coming to anyone of course your answer will unlimited right. Then ever try this one, reading ebooks. It can be your alternative inside spending your spare time, typically the book you have read is actually America's Great Disasters.
