Teewinot: Climbing and Contemplating the Teton Range Jack Turner

Jack Turner grew up with an image of the Tetons engraved in his mind. As a young man, he climbed the peaks of this singular range with basic climbing gear and friends. Later in life, he led treks in India, Pakistan, Nepal, China, Tibet, and Peru, but he always returned to the mountains of his youth: the Tetons. *Teewinot* is his ode to forty years in the mountains that he loves.

this is a book about a mountain range, its climbs, its weather, and the glory of the wild. It is also about a small group of climbers-nomads who inhabit the Teton Range each summer, and who know it as intimately as it will ever be known. *Teewinot* is a remarkable account of what it is like to live and work in these spectacular mountains. It has something for everyone-spellbinding accounts of dangerous and deadly climbs, unbridled awe at the beauty of nature, and an extreme passion for the environmental issues facing America today. In this series of recollections, one of America's most beautiful national parks comes alive with beauty, mystery, and power.
