The Magdalene Awakening L. Shannon Andersen

This book is the result of a deep and profound quest for origins, meaning, and healing, written at a time when the human condition appears more fractured from within than at any other time in history. In writing *The Magdalene Awakening*, Shannon Anderson has successfully journeyed to that sacred space and has "lifted the veil" for her readers revealing the atrium of immortality and enticing them to come and join her on her high mission. The smooth narrative style of the book weaves together a magical journey through the author's quest for the true Magdalene energy, the origins of the Cathars, the Gematria that holds the sacred key, and in the end, a call for transformation. This story is a page turner written by someone who knows, and who allows her readers the rare opportunity to discover these mysteries for themselves, but with the benefit of her company and wisdom to help them on their path. Maria Magdalena Colavito, Ph.D., author of *The Pythagorean Intertext in Ovid's Metamorphoses* & *The New Theogony: Mythology for the Real World*.
