**Iran: Everything You Need to Know (All Access)** John Farndon

Iran's President Ahmadinejad shocked the world when he described the Holocaust as a myth and called for Israel to be "wiped off the map." Could Iran build and use nuclear weapons? How would we be affected if Iran cut off oil supplies? Many see Iran as part of the "axis of evil," and America is not alone in arguing that it presents a huge danger. But is Iran really the rabid Islamic dog that some paint it? Or is it in fact the most prosperous, sophisticated, cultured nation in the Middle East, despite its president's belligerence? This book gives you the facts and lets you form your own opinion.
