**War on the Saints, The Full Text, Unabridged Edition** Jessie Penn-Lewis, Evan Roberts

The classic book on spiritual warfare - the unabridged original with appendices, not one word changed, not one word cut. 325 pages, hardcover with jacket.

A brilliant, highly accurate description of specific ways by which the powers of darkness work to confuse, deceive, oppose, afflict, mislead or bind believers - and how to detect, oppose and overcome them. An advanced text, not for quick or easy reading. Requires study - yields keen, sure understanding. Thomas E. Lowe, Ltd. restored this full original text to the public in 1973 after many years in which the editors of the condensed edition had opposed its publication.

Today, Mrs. Penn-Lewis's books are still widely read by Christians and deservedly so, but there is a significant exception: her most important book, War on the Saints, written in collaboration with the famous Welsh revivalist, Evan Roberts, had been only available in an abridged version. There are many books which can be abridged without losing content, but in the case of War on the Saints the word "abridged" is certainly the wrong one simply because the main thrust of her vital book was eliminated in the abridged and emasculated version. The editors based their decision to discontinue the original version "first and foremost" on their rejection of the important teaching regarding demon influence on Christians.
