Seldom, if ever, has a writer been given access to a former major drug dealer in the Mafia underworld and three generations of legitimate family members that followed. After nearly two years of interviews and subsequent research, it has been discovered that a close relative of the family was one of the most powerful figures in the Mafia from the 1940s Thru the mid 1980s, yet his identity until now has never been revealed to the public. He was the successor to Charles "Lucky" Luciano and became the conduit between Sicily and the United States as well as the Advisor for all five New York families for four (4) decades. The book tells in detail the life and times of a family who escaped the threat of Fascism in Sicily at the turn of the century and the rise of one of the children to a major figure in the Mob. Another sibling returned from a tragic life in an orphanage only to become an adept criminal. He ultimately spent twenty years off and on in prison with the Who's Who of the Mafia, men who became friends and had secret stories to tell. After prison, he became one of the pioneers of Off Off Broadway in NYC. The book details the influence and protection afforded later generations of the family to this day. It offers a unique insight into the real life of people during this 100 year period. Myths about the Mob are disclosed and inaccuracies in the history of the Mafia are corrected. It is a very compelling epic true story. It is a book you will not be able to put down. Look on [www.mafiasecretjudge.com](http://www.mafiasecretjudge.com) for further details.
