The wind in your face, the feel of the open road, the sounds of nature. Motorcycling has long been a passion enjoyed, by a select few. In the minds of many, it was associated with danger, either from motorcycling itself or from some of the people the sport tended to attract. That has all changed over the last decade as baby boomers find themselves with time, money, and the desire to enjoy what they couldn't when they were young. With 8.8 million motorcycles on the road today, (a 34% increase since 1998), you are not alone on the road! Whether you are getting back into riding, or are new to cycling, there is much to learn! Shirley Kennedy, (librarian by day but motorcyclist enthusiast and expert whenever possible), demystifies the hobby. Kennedy commutes to work daily on her 2005 Yamaha V-Star, and imparts her knowledge to you, in a very Savvy way. She covers choosing a motorcycle, rules-of-the road, training, maintenance, etiquette and more. Kennedy! wants to enjoy the open road, and wants you to enjoy it with her. Her experience is driven home in this book, designed to help you make good decisions and safely enjoy your time on two wheels.

Topics addressed include: Buying a Motorcycle • Equipment Needs • Riding Tips & Training Maintenance • Selecting Equipment • Riding Etiquette • Cycling Clubs & Tours
