William H. Willimon

Incarnation: The Surprising Overlap of Heaven & Earth (Belief Matters) William H. Willimon

Jesus defies simplistic, effortless, undemanding explications. To be sure, Jesus often communicated his truth in simple, homely, direct ways, but his truth was anything but apparent and undemanding in the living. Common people heard Jesus gladly, not all, but enough to keep the government nervous, only to find that the simple truth Jesus taught, the life he lived, and the death he died complicated their settled and secure ideas about reality. The gospels are full of folk who confidently knew what was what—until they met Jesus. Jesus provoked an intellectual crisis in just about everybody. Their response was not, "Wow, I've just seen the Son of God," but rather, "Who is this?" -from the Introduction The church uses the concept of "Incarnation," (from the Latin word for "in the flesh") to help us understand that Jesus Christ is both divine and human. The Incarnation is the grand crescendo of our reflection upon the mystery that Christ is the full revelation of God; not only one who talks about God but the one who speaks for and acts as God, one who is God. About the Series: Belief Matters is a series of easy-to-understand books designed to show that by thinking more clearly about faith, persons can love God more fully, live with confidence, and change the world. Conversational in tone, these books are reflections on major theological topics and are suitable for individual or group study.
