The 'Personality To Succeed' series is intended to be a conscious collaboration effort. My desire is to bring to you a series of books containing stories from entrepreneurs, experts, thought leaders who have all overcome the struggles life presented to them. Individuals who woke up one day and realized they wanted to better align their efforts with their true personality. Over the course of the 21 chapter, each co-author has shared their story, their tips, which I am hoping will greatly benefit from.
