Thief of Time: A Novel of Discworld Terry Pratchett

Time itself is threatened— and it's up to the History Monks to save it in Terry Pratchett's bestselling Discworld® series

Everybody wants more time. Which is why, on Discworld, only the experts can manage it—the venerable Monks of History who store it and pump it from where it's wasted, like underwater (how much time does a codfish *really* need?) to places like cities, where busy denizens lament never having enough of it.

While everyone talks about slowing down, one young horologist is about to do the unthinkable. He's going to stop. Well, stop time, that is, by building the world's first truly accurate clock. Which means esteemed History Monk Lu-Tze and his apprentice Lobsang Ludd have to put on some speed to stop the timepiece before it starts. For if the Perfect Clock starts ticking, time—as we know it—will end. And then the trouble will *really* begin . . .
