Those who don't learn from zombie history are condemned to repeat it ...From the Stone Age to the information age, the undead have threatened to engulf the human race. They're coming, and they're hungry. This is the graphic novel the fans demanded: major zombie attacks from the dawn of humanity. On the African savannas, against the legions of ancient Rome, on the high seas with Francis Drake ...every civilisation has faced them. Here are the grisly and heroic stories - complete with eye-popping artwork that pulsates with the hideous faces of the undead. Organise before they rise! Scripted by the world's leading zombie authority, Max Brooks, Recorded Attacks reveals how other eras and cultures have dealt with - and survived - the ancient viral plague. By immersing ourselves in past horror we may yet prevail over the coming outbreak in our time.
