American Legends: The Life of Clint Eastwood Charles River Editors

*Includes pictures.

*Includes some of Eastwood's most colorful quotes.

*Includes a Bibliography for further reading.

"The roles that Eastwood has played, and the films that he has directed, cannot be disentangled from the nature of the American culture of the last quarter century, its fantasies and its realities." – Edward Gallafent
A lot of ink has been spilled covering the lives of history's most influential figures, but how much of the forest is lost for the trees? In Charles River Editors' American Legends series, readers can get caught up to speed on the lives of America's most important men and women in the time it takes to finish a commute, while learning interesting facts long forgotten or never known.

Today, the name Clint Eastwood conjures up many different and unforgettable images. While many will always associate him as the quintessential Western hero in classics like *The Good, the Bad, and the Ugly*, new generations know him as a critically acclaimed director and even an outspoken conservative firebrand. Even if he is no longer the most prominent star in Hollywood, he is assuredly the most decorated octogenarian in the industry. In addition to his acting, two of his pictures, *Unforgiven* (1992) and *Million Dollar Baby* (2004), garnered Oscars for Best Director and Best Picture. Eastwood's acting and directing abilities have long appealed to both high classes and mass audiences, although it is true that his early works were skewed more toward the popular while the later ones reflect the opposite dynamic.

Debuting in the 1950s, Eastwood's career has now spanned over 50 years, and he has been involved in over 75 films, not to mention his appearances in television and other media. The sheer volume of films is especially impressive considering that he has also directed a significant number of them. As such a prolific figure of Hollywood, it is clear that Eastwood has approached his career with diligence and persistence, working hard through both success and failure. This work ethic has lent him an aura of accessibility that is relatively rare among Hollywood stars, as has his willingness to put himself out there on issues beyond the silver screen. Today, Eastwood is just as likely to evoke images of his speech at the 2012 Republican National Convention as he is images of the Western vigilante.

American Legends: The Life of Clint Eastwood profiles the life and career of one of Hollywood's greatest icons, both on and off the screen. Along with pictures of important people, places, and events, you will learn about Eastwood like you never have before, in no time at all.
