A unique look at coaching with baseball as the backdrop. It reminds coaches just how important a role we play in the lives of our players and challenges us to look closely at the core of what we are teaching our athletes and the values they will need to succeed in life. While the book inspires as well as outlines specific, detailed, non-negotiable team winning baseball fundamentals and strategies, it also calls out coaches to recognize the benefits, responsibility and higher calling of mentoring athletes within the game, for beyond the game.
