Chemical Serpents - Silver Edition Anton Channing

Ubiquitous throughout human history, the serpent has been with us in many forms and guises, wending its way into our earliest rituals and imaginings. With the serpent as his guide, Chaos Alchemist Anton Channing explores the alchemical, mystical, magical and mythological symbols of the path to illumination found throughout the world's mystery schools and religions. A journey that spans the practises of meditation, contact with spirits, astral journeys to the heavens and the underworld, sexual mysteries, entheogenic sacraments and the discovery of one's own true will.
