How do you plan, organize and structure qualitative research writing? What are the step-by-step principles in setting our written work on qualitative research?

This thoughtful and helpful book, offers students an unparalleled primer in writing qualitative research. The book provides clear guidance on how subjectivity is managed, and how scientific rigour is achieved by making the workings of written study transparent. Sensitive issues dealing with the proper use of identity in research settings are clearly discussed. Techniques for avoiding reductive, essentialist judgements are presented and critically assessed. The daunting task of transferring data into text is expertly handled, leaving students with a reliable source for all
