Guide to the Study of Religion

Willi Braun, Russell T. McCutcheon

Guide to the Study of Religion Willi Braun, Russell T. McCutcheon

What is religion? Can it be defined at all? Or is it too easily defined in far too many ways so as to make a "religion" a drifting signifier or whatever one's pleasure is? Does the study of religion require special, perhaps religious, tools of analysis and explanation? What is the difference between a knowledge of religion derived from practicing it and a knowledge about religion derived from nonreligious modes of inquiry? Sooner or later, any serious student of religion must face these questions if religious practices are to be investigated in the light of the terms and aims of the social and human sciences in the modern university. *The Guide to the Study of Religion* provides a map of the key concepts and thought-structures for imagining and studying religion as a class of everyday social practices that lend themselves to no more or less difficult explanation than any other class of social phenomena.
