Sams Teach Yourself Windows Phone 7 Application Development in 24 Hours Scott J. Dorman, Kevin Wolf, Nikita Polyakov, Joe Healy
Covers Windows Phone 7.5

In just 24 sessions of one hour or less, you'll learn how to develop mobile applications for Windows Phone 7! Using this book's straightforward, step-by-step approach, you'll learn the fundamentals of Windows Phone 7 app development, how to leverage Silverlight or the XNA Framework, and how to get your apps into the Windows Marketplace. One step at a time, you'll master new features ranging from the new sensors to using launchers and choosers. Each lesson builds on what you've already learned, helping you get the job done fast—and get it done right!

Step-by-step instructions carefully walk you through the most common Windows Phone 7 app development tasks.
Quizzes and exercises at the end of each chapter help you test your knowledge.
By the Way notes present interesting information related to the discussion.
Did You Know? tips offer advice or show you easier ways to perform tasks.
Watch Out! cautions alert you to possible problems and give you advice on how to avoid them.

Learn how to...

- Choose an application framework
- Use the sensors
- Develop touch-friendly apps
- Utilize push notifications
- Consume web data services
- Integrate with Windows Phone hubs
- Use the Bing Map control
- Get better performance out of your apps
- Work with data
- Localize your apps
- Use launchers and choosers
- Market and sell your apps

From reader reviews:

David Anthony:

As people who live in typically the modest era should be upgrade about what going on or details even knowledge to make these people keep up with the era and that is always change and progress. Some of you maybe will probably update themselves by studying books. It is a good choice in your case but the problems coming to you is you don't know what kind you should start with. This Sams Teach Yourself Windows Phone 7 Application Development in 24 Hours is our recommendation to make you keep up with the world. Why, because this book serves what you want and wish in this era.

Paul Heisler:

Nowadays reading books are more than want or need but also become a life style. This reading routine give you lot of advantages. The benefits you got of course the knowledge the actual information inside the book which improve your knowledge and information. The details you get based on what kind of guide you read, if you want send more knowledge just go with education books but if you want experience happy read one having theme for entertaining for instance comic or novel. Often the Sams Teach Yourself Windows Phone 7 Application Development in 24 Hours is kind of book which is giving the reader erratic experience.

Thomas Busch:

Information is provisions for those to get better life, information these days can get by anyone in everywhere. The information can be a understanding or any news even a huge concern. What people must be consider if those information which is in the former life are difficult to be find than now could be taking seriously which one works to believe or which one the resource are convinced. If you find the unstable resource then you understand it as your main information you will see huge disadvantage for you. All those possibilities will not happen inside you if you take Sams Teach Yourself Windows Phone 7 Application Development in 24 Hours as your daily resource information.

Russell Fielder:

Your reading sixth sense will not betray anyone, why because this Sams Teach Yourself Windows Phone 7 Application Development in 24 Hours e-book written by well-known writer who really knows well how to make book that may be understand by anyone who read the book. Written throughout good manner for you, dripping every ideas and publishing skill only for eliminate your personal hunger then you still skepticism Sams Teach Yourself Windows Phone 7 Application Development in 24 Hours as good book not simply by the cover but also by the content. This is one reserve that can break don't assess book by its include, so do you still needing an additional sixth sense to pick this!? Oh come on your examining sixth sense already said so why you have to listening to an additional sixth sense.
