The fact is, most men prefer football to facials-and probably always will. Nevertheless, women everywhere want their husbands and boyfriends to achieve their true hunk potential, and keep up the struggle: attempting to talk them into gym memberships, begging them to throw out the world's rattiest sneakers, resisting the urge to just clip their toenails while they sleep. Now for the first time, these women can find practical ways to make their men look good-without making them feel bad (and without feeling like nags).

In this book they'll find tips on getting him fitter, healthier, and happier; strategies for updating his wardrobe with a minimum of fuss and fighting; and ways to exercise together (like Coed Naked Yoga) that will actually pique his interest. Most important, they'll find positive, loving ways to communicate their concerns so he actually listens-instead of reaching for the remote!
