100 years ago a French priest embedded clues in his church leading to a secret location.

Those clues have been solved.

That location has been found.

The SECRET is revealed!

Treasure, Tombs, Secret Codes and Hidden Clues, a Brutal Murder, the Knights Templar and 2000 year old Relics, are all parts of a Mystery to be solved. It could be the premise for a new archaeological thriller. Except that it is real.

What begins as a treasure hunt and a bit of fun and adventure, leads an Englishman to the tiny French village of Rennes-le-Château, where he unlocked a mysterious puzzle set up by a priest 100 years ago.

Abbé Bérenger Saunière (1852-1917) became mysteriously and fabulously rich after finding a hidden parchment in his Church of Mary Magdalene.

As many believe, the mysterious priest had embedded clues in his church decoration leading to a treasure or a secret, & the source of his wealth. When Ben Hammott enters the church he soon spots something that everyone else has somehow missed - a key that deciphers some of the embedded clues.

Painstakingly deciphering and following the clues, Ben is led to a discovery of 2000-year-old artifacts, a treasure of gold, and a Knights Templar Tomb containing a shrouded body!
