The Philosophy of History (Dover Philosophical Classics)

Georg Wilhelm Friedrich Hegel, G. W. F. Hegel

The Philosophy of History (Dover Philosophical Classics) Georg Wilhelm Friedrich Hegel, G. W. F. Hegel

With this work, Hegel introduced a scientific approach to the study of the history of philosophy. The author himself regarded this book as a popular introduction to his entire philosophy, and it ranks among his most readable and accessible writings. Hegel develops the concept of history as a rational proceeding, rather than a series of random events. His doctrine of the historical process — governed according to the laws of evolution and embodying the spirit of freedom — exercised an enormous and enduring influence.
