The Hard Facts of the Grimms' Fairy Tales Maria Tatar

Murder, mutilation, cannibalism, infanticide, and incest: the darker side of classic fairy tales figures as the subject matter for this intriguing study of Jacob and Wilhelm Grimm's *Nursery and Household Tales*. This updated and expanded second edition includes a new preface and an appendix containing new translations of six tales, along with commentary by Maria Tatar. Throughout the book, Tatar skillfully employs the tools not only of a psychoanalyst but also of a folklorist, literary critic, and historian to examine the harsher aspects of these stories. She presents new interpretations of the powerful stories in this worldwide best-selling book. Few studies have been written in English on these tales, and none has probed their allegedly happy endings so thoroughly.
