Winston S. Churchill

The World Crisis, Vol. 5 (Winston Churchill's World Crisis Collection) Winston S. Churchill

The fifth and last volume of Churchill's five-volume series *The World Crisis* tells a gritty, true-to-life account of the Eastern Front—written by someone whose decisions had a profound impact on the success of war efforts both in the East and in the West.

While the battle for modern civilization was being fought on the Western Front during World War I, an equally important war—with equally high stakes—was being fought on the Eastern Front, between Russia, Germany, and Germany's Austrian allies.

It's rare that a historical account of World War I documents in as much detail the events of the Eastern Front as those of the West. Churchill's account was one of the first to do so, telling the story of an armed conflict that was shockingly dissimilar from its counterpart in the West.

ABOUT THE AUTHOR

Sir Winston Churchill was awarded the Nobel Prize in Literature in 1953 “for his mastery of historical and biographical description as well as for brilliant oratory in defending exalted human values.”

Over a 64-year span, Churchill published over 40 books, many multi-volume definitive accounts of historical events to which he was a witness and participant. All are beautifully written and as accessible and relevant today as when first published.

During his fifty-year political career, Churchill served twice as Prime Minister in addition to other prominent positions—including President of the Board of Trade, First Lord of the Admiralty, Chancellor of the Exchequer, and Home Secretary. In the 1930s, Churchill was one of the first to recognize the danger of the rising Nazi power in Germany and to campaign for rearmament in Britain. His leadership and inspired broadcasts and speeches during World War II helped strengthen British resistance to Adolf Hitler—and played an important part in the Allies' eventual triumph.

One of the most inspiring wartime leaders of modern history, Churchill was also an orator, a historian, a journalist, and an artist. All of these aspects of Churchill are fully represented in this collection of his works.

ABOUT THE SERIES

Rarely are events that change the world documented by a key participant, someone who was instrumental in making the military and political decisions that would shape the outcome of a world war. Winston Churchill's *The World Crisis* provides the ultimate insider account—of a war intended to end all wars, a war so violent it almost undid the West altogether.

The World Crisis provides a sweeping narrative of the events of World War I that is both gripping and historically detailed—based on thousands of private letters and memos written to and by Churchill at the time. Nowhere else is the effect of this war so well conveyed by an eyewitness and historian—and so compellingly written.
