New Adult Contemporary Romance

You can say I had it all. The fancy house, top of the line car, lots of friends and more money than anyone could ever imagine. On the outside, we were the perfect family. No one knew about my abusive father and my mother who drank herself into oblivion every night. My name is Karly and I have scars, deep scars that no one knows about, and when my parents died I was left alone and on my own, to fight through life with no help.

When it came to life and happiness, I had it all until my world was turned upside down. My name is Nicholas and my wife, the love of my life, left me and our new baby girl without as much as an explanation. I didn't want to accept it, but after our divorce was final and four long years passed, I started to lose hope that she'd ever come back. Emma was growing so fast and I needed help. My sister recommended that I hire her friend, Karly, as Emma's nanny. I took a chance on bringing another woman into my little girl's life. Did I do the right thing?

As many days and nights are spent together, feelings can no longer be denied and a relationship is formed.

Life is about taking chances and learning how to fall, but when the past comes back, will they be strong enough to fight through and trust each other? Or will all they worked for fall apart?
